ARBEIT, LEBEN, GERECHTIGKEIT,

**Together We're Strong!** 

## The IG BAU is your Trade-Union

It is the German Trade-Union responsible for all branches of the construction industry and agriculture. They have offices all over Germany.

A trade-union is a fusion of employees. In Germany, trade-unions are split into branches. Together, collective agreements are negotiated for individual businesses, or entire branches. Their conditions are always better than those that are legally guaranteed. In addition, we give you support with problems relating to workers rights and civil law.

Trade-unions finance themselves through the membership fees. In this way they remain independent of political parties and employers. Membership is voluntary and employers are never informed.

Faire Arbeit

## ARBEIT. LEBEN. GERECHTIGKEIT.

## Join now!

The IG BAU offers special membership for migrant workers. Here, you can become a member when you:

- ü are only working temporarily in Germany and,
- **ü** work in agriculture or the construction industry, and
- **ü** your actual home is not in Germany.

Membership as a migrant worker ends automatically after 12 months, but can be renewed every year. From the very first day, membership includes:

- **ü** free advice and information.
- ü representation in court in cases concerning employment rights and civil rights,
- ü support when your employer tries to make responsible for damage to their property or vehicles.

The membership dues are much lower than normal as migrant workers are only temporarily in Germany. Detailed information is on the last page.
